

Alderbury & West Grimstead CE Primary School

Personal, Social, Health Education & Relationships, Sex Education Policy

Written by	E. Woolf
Policy Date	June 2026
Review Due	June 2027

1. Legal requirements of schools

It is now a statutory requirement for primary schools to deliver Relationships Education and Health Education and the Department for Education (DfE) recommends primary schools to deliver Sex Education in years 5 and/or 6, in line with content about conception and birth, which forms part of the national curriculum for science.

Health Education is also statutory in all schools.

We at Alderbury & West Grimstead CE Primary School acknowledge that under the Education Act 2002/Academies Act 2010 all schools must provide a balanced and broadly-based curriculum and wish to have a policy that not only covers the statutory content but covers all aspects of our Personal, Social, Health Economic (PSHE) education provision.

2. What Personal, Social, Health and Economic (PSHE) education including Relationships Education, is:

Our PSHE education, including statutory Relationships and Health education, and non-statutory sex education, as recommended by the DfE, provides a framework through which key skills, attributes and knowledge can be developed and applied. This promotes positive behaviour, good mental health and wellbeing, resilience and achievement, helping children to stay safe online, develop healthy and safe relationships, making sense of media messages, challenging extreme views and having the skills and attributes to negotiate and assert themselves now and in the future.

The school's PSHE provision supports the school's aims of developing confident citizens and successful learners who are creative, resourceful and able to identify and solve problems. The social and emotional development of pupils is embedded throughout the entire school's curriculum and culture. The school has a combination of a planned thematic PSHE program, built around a spiral curriculum of recurring themes, designed to:

1. Give pupils the knowledge and develop the self-esteem, confidence and self-awareness to make informed choices and decisions;
2. Encourage and support the development of social skills and social awareness;
3. Enable pupils to make sense of their own personal and social experiences;
4. Promote responsible attitudes towards the maintenance of good physical and mental health, supported by a safe and healthy lifestyle;
5. Enable effective interpersonal relationships and develop a caring attitude towards others;
6. Encourage a caring attitude towards and responsibility for the environment;
7. Help our pupils understand and manage their feelings, build resilience and be independent, curious problem solvers;
8. Understand how society works and the laws, rights and responsibilities involved.

We know there is a proven link between pupils' health and wellbeing, and their academic progress. Crucial skills and positive attitudes developed through comprehensive Personal, Social, Health and Economic education are critical to ensuring children are effective learners.

3. How PSHE education, including Relationships Education, is provided and who is responsible for this

We at Alderbury & West Grimstead CE Primary School we use SCARF, a comprehensive scheme of work for PSHE and Wellbeing education. An overview of SCARF can be found in our appendices¹. It covers all of the DfE's statutory requirements for Relationships Education and Health Education, including non-statutory Sex Education, and the PSHE Association's Programme of Study's recommended learning opportunities, as well as contributing to different subject areas in the National Curriculum.

We follow the six suggested half-termly units and adapt the scheme of work where necessary to meet the local circumstances of our school, for example, we may use our local environment as the starting point for aspects of our work.

Our PSHE subject lead works in conjunction with teaching staff in each year group and is responsible for ensuring that all staff are equipped with the knowledge, skills and resources to deliver PSHE education confidently. Teachers can access a range of teaching support resources within SCARF, including guidance documents and teacher training films. Any teacher wanting further support should contact the PSHE subject lead in the first instance to discuss their training needs.

Class teachers follow the suggested six half termly units provided by SCARF for each year. Lessons can be a weekly standalone PSHE lesson or be cross curricular. The lesson plans list the specific learning objectives for each lesson and provide support for how to teach the lessons; class teachers and our PSHE lead often discuss this on an informal basis.

We have chosen SCARF as our PSHE resource because the lessons build upon children's prior learning; we have assessed the content and feel that it is relevant and sensitive to the needs of the children. There is planned progression across the SCARF scheme of work, so that children are increasingly and appropriately challenged as they move up through the school.

The school complies with the Equality Act 2010. Teaching will be inclusive, age-appropriate and accessible to all pupils. We will teach about diversity, respect and inclusion and ensure that no pupil experiences discrimination because of a protected characteristic. Teaching will be adapted where necessary to meet the needs of pupils with SEND and to ensure that all children can access learning at an appropriate level.

¹ SCARF long term planning document attached as an appendix.

4. What is being taught

The Early Years Foundation Stage

In the Early Years Foundation Stage, PSHE education is about making connections; it's strongly linked to child-led activities, including play. PSHE is taught through activities that are part of topics, as well as on an individual basis to develop personal skills such as dressing, feeding and toileting. Positive experiences are built through daily opportunities, to share and enjoy a range of different activities. Children are given the opportunity to engage in social activities, as members of a small group or occasionally during whole-school activities.

KS1 and KS2

The SCARF programme divides the year into 6 themed units:

1. Me and My Relationships: includes content on feelings, emotions, conflict resolution and friendships;
2. Valuing Difference: a focus on respectful relationships and British values;
3. Keeping Myself Safe: looking at keeping ourselves healthy and safe
4. Rights and Responsibilities: learning about money, living the wider world and the environment;
5. Being My Best: developing skills in keeping healthy, developing a growth mindset (resilience), goal-setting and achievement;
6. Growing and Changing: finding out about the human body, the changes that take place from birth to old age and being safe.

Children are encouraged to engage in activities that promote an understanding of themselves as growing and changing individuals, and as members of a wider community, based on their own first-hand experiences. These activities also encourage pupils to understand how their choices and behaviours can affect others. They are encouraged to play and learn alongside – then collaboratively with – their peers. They may use their personal and social skills to develop or extend these activities. Children are also given the opportunity to make choices about their health and environment and are encouraged to develop a caring attitude towards others.

Within National Curriculum Science in Y2, the children learn that animals, including humans, have offspring that grow into adults. They should be introduced to the concepts of reproduction and growth, but not how reproduction occurs. In Y5, children are taught about the life cycles of humans and animals, including reproduction. They also learn about the changes that happen in humans from birth to old age. This includes learning what happens in puberty.

It is important that the transition phase before moving to secondary school supports pupils' ongoing emotional and physical development effectively. The DfE recommends that all primary schools should have a sex education programme, tailored to the age and the

physical and emotional maturity of the pupils. Within our non-statutory sex education that takes place in Y6 children will learn about how a baby is conceived, whether through sexual intercourse or IVF. This information builds on content they have previously learnt in the programme about relationships, puberty changes and reproduction; it lays the foundations for their ongoing Relationships and Sex Education in their secondary phase.

5. How PSHE education, including Relationships Education, is taught

PSHE lessons are taught by their class teacher in their timetabled PSHE lesson, throughout the whole year in their usual classes, in mixed sex groupings, using a range of interactive teaching methods, e.g. activity sheets, films, songs, online games, and drama techniques.

To ensure that children feel comfortable to learn about a range of topics, we create a safe learning environment using a group agreement at the beginning of lessons or topics. This includes a confidentiality statement understood by adults and children. The teachers will also use a range of skills, including distancing techniques and the anonymous question box. Teachers will answer children's questions factually and honestly in an age appropriate way and respond to any disclosures following the school's safeguarding procedures / child protection policy which can be found on our school website.

6. Parental concerns and withdrawal of students

Parents have the right to request that their child be withdrawn from some or all of the non-statutory Sex Education our school teaches but **not** Relationships or Health Education. They do not have a right to withdraw their children from those aspects of Sex Education that are taught in the statutory National Curriculum Science and Health Education. Parents are invited to view our resources and discuss any concerns with our staff.

Before granting a request to withdraw a child/ren, the head teacher will invite the parent to discuss the request with them to ensure that their wishes are understood and to clarify the nature and purpose of the curriculum. The head teacher will discuss with the parent the benefits of receiving this important education and any detrimental effects that withdrawal might have on their child. This could include any social and emotional effects of being excluded, as well as the likelihood of the child hearing their peers' version of what was said in the classes, rather than what was directly said by the teacher (although the detrimental effects may be mitigated if the parent proposes to deliver sex education to their child at home instead). The school is responsible for ensuring that should a child be withdrawn, they receive appropriate, purposeful education during the period of withdrawal.

Parents should be given every opportunity to understand the purpose and content of Relationships Education and Sex Education. Good communication and opportunities for parents to understand and ask questions about our school's approach help increase confidence in the curriculum.

It is statutory for our school to show parents examples of the resources we plan to use. We will provide opportunities for parents to view examples through virtual methods or face-to-face meetings. Ongoing communication with parents about what is planned to be taught and when, will be provided through letters home. We advise parents to view the resources in order to support them in carrying out their responsibilities relating to providing RSE at

home. It is valuable for a child's development to learn about its own family's values in regards to relationships and sex alongside the information they receive at school.

7. Dissemination of the Policy

This policy has been made accessible to parents, teachers and other school staff, governors through the school website. Anyone wanting a printed copy or the policy to be provided in another language or format, should make a request to the school office. Should the policy be required in other languages, please contact the school office.

8. Policy Review and Development Plan

The policy will be reviewed annually, in consultation with teachers and other school staff, governors and pupils.

9. Sources of Further Information

This policy has drawn on:

- Relationships Education, Relationships and Sex Education (RSE) and Health Education Guidance, Department for Education (July 2019)
- Creating a PSHE education policy for your school, The PSHE Association (September 2018)
- Sex and Relationships Education (SRE) for the 21st Century, Brook, Sex Education Forum and PSHE Association - Supplementary advice to the Sex and Relationship Education Guidance DfEE (0116/2000) (2011)
- DfE 'Relationships Education, Relationships and Sex Education (RSE) and Health Education Guidance' (July 2025)
- PSHE Association 'Writing and updating your school's Relationships and Sex Education (RSE) Policy' (October 2025)
- DfE 'Keeping Children Safe in Education' (September 2025)
- Ofsted Education Inspection Framework (November 2025)

This policy should be read in conjunction with the following:

- Safeguarding / Child Protection policy
- Confidentiality policy
- Anti-bullying policy
- Equality, diversity and inclusion policy
- DfE 'Keeping children safe in education'

Appendix 1 – SCARF Long Term Planning Document

Year/half-termly unit titles	1 Me and my Relationships	2 Valuing Difference	3 Keeping Safe	4 Rights and Respect	5 Being my Best	6 Growing and Changing
EYFS	What makes me special People close to me Getting help	Similarities & difference Celebrating difference Showing kindness	Keeping my body safe Safe secrets & touches People who help to keep us safe	Looking after things: friends, environment, money	Keeping by body <u>healthy</u> – food, exercise, sleep Growth Mindset	Cycles Life stages Girls & boys – similarities & difference
Y1	Feelings Getting help Classroom rules Special people Being a good friend	Recognising, valuing & celebrating difference Developing respect & accepting others Bullying & getting help	How our feelings can keep us safe – inc. online safety Safe & unsafe touches Medicine Safety Sleep	Taking care of things: Myself My money My environment	Growth Mindset Healthy eating Hygiene & health Cooperation	Getting help Becoming independent My body parts Taking care of self & others
Y2	Bullying & teasing Our school rules about bullying Being a good friend Feelings/self-regulation	Being kind & helping others Celebrating difference People who help us Listening Skills	Safe & unsafe secrets Appropriate touch Medicine safety	Cooperation Self-regulation Online safety Looking after money – saving & spending	Growth Mindset Looking after my body Hygiene & health Exercise & sleep	Life cycles Dealing with loss Being supportive Growing & changing Privacy
Y3	Cooperation Online rules & restrictions Online behaviours Friendship (respectful relationships) Coping with loss	Recognising & respecting diversity Being respectful & tolerant My community Bullying, inc. online	Managing risk Decision-making skills Drugs & their risks Staying safe online Digital literacy	Helping & being helped Looking after the environment Managing money Developing critical thinking	Keeping myself healthy & well Celebrating & developing my skills Developing empathy	Changing bodies & puberty Keeping safe Safe & unsafe secrets Relationships, inc. online
Y4	Healthy relationships Listening to feelings Bullying Assertive skills	Recognising & celebrating difference (inc. religions & cultural difference) Understanding & challenging stereotypes	Managing risk inc. online Understanding the norms of drug use (cigarette & alcohol use) Influences Online safety & behaviours	Making a difference (different ways of helping others or the environment) Media influence & digital literacy Decisions about spending money	Having choices & making decisions about my health Taking care of my environment My skills & interests	Body changes during puberty Managing difficult feelings Relationships inc. marriage
Y5	Feelings Friendship skills, inc. compromise Assertive skills Cooperation Recognising emotional needs	Recognising & celebrating difference, inc. religions & cultural Critical digital awareness Online Bullying & self esteem	Online safety Bullying inc. online Norms around use of legal drugs (tobacco, alcohol) Decision-making skills	My health rights, respect & duties Making a difference Decisions about lending, borrowing & spending Media manipulation Artificial Intelligence	Growing independence & taking ownership Keeping myself healthy Media awareness & safety My community	Managing difficult feelings Managing change How my feelings help keeping safe Getting help
